REMARKS.—The market opens very quiet, with fair receipts, but a very limited demand, and the tendency of prices is still downward. Flour is very dull, with a slight retail demand. Wheat is lower, and the buyers and sellers being unable to agree, nearly all the receipts went into store. Offerings of Corn reached 5,250 bushels, with small sales at 96—many holders refusing to yield to the decline, and preferring to store. Rye is unchanged. Oats dull. Wool in fair request, but no change in quotations. Butter continues dull.

VALUABLE POTOMAC LAND FOR SALE.—By virtue of a decree of the Circuit Court of Westmoreland county, Va., in the suit of Stuart, trustee, vs. Kinzer and others, as Commissioners, in said decree appointed, will proceed to sell, on the 22d DAY OF JULY, 1867, at the Court House, in Westmoreland county, Va., at public auction, to the highest bidder, that well-known TRACT OF LAND, in the decree mentioned, called

"LONGWOOD." This fine estate lies in the county of Westmoreland, immediately on the Potomac, and is bounded on two sides by that river and Pope's Creek. The tract contains upwards of sixteen hundred acres of land, a large portion of the open land being flat, and lying on the creek and river. The land is of excellent quality, and adapted to all the staple crops of the country. Navigation is at the door, and of easy access for the shipment of grain, timber, cord-wood and other marketable commodities, and the waters abound in crabs, fish and wild-fowl, in their respective seasons.

There is growing upon the land an extensive body of pine, chestnut, oak and sweet timber, which, owing to the increased demand for lumber and fuel, add greatly to the value of the estate. The old mansion was burnt some years ago, but there are comfortable dwelling houses standing near the old site, and the prospect from this point is beautiful, commanding a view of the river above and below, and looking out upon the shores of Maryland for many miles.

"Longwood" is accessible by steamboat from landings at Curritoman and Mattox Creeks, on the Potomac, or Leddstown, on the Rappahannock river.

A further description of this estate is deemed unnecessary, as any person wishing to purchase will, no doubt, visit and examine the premises. The title to this estate is unquestionable. Private offers will be received until the 10th day of July, and may be addressed to G. W. LEWIS, esq., at Oak Grove, Westmoreland county, Va., or to WM. R. DOZIER, Alexandria; but if not sold by that day, it will be sold at public auction, at the time and place first mentioned. The terms will be liberal, and made known on the day of sale.

## LOCAL NEWS.

MONDAY EVENING, JUNE 10.

ORANGE AND ALEXANDRIA RAILROAD RECEIPTS, &c.—From the following returns of the receipts of freight by the Orange and Alexandria Railroad, at this place, for the week ending on Saturday last, kindly furnished us by one of the company's most capable and energetic agents, W. B. Price, esq., it will be seen that the business of the road is steadily increasing, and judging from the number of sacks, daily sent out to farmers and others along the line, to be filled and returned with grain, wool, &c., it is reasonable to expect that for some time to come, the freight business will be greater than it has yet been. The principal articles received were: Corn, 17,136 bushels; oats, 514 bushels; wheat, 334 bushels; rye, 164 bushels; beans, 10 bushels; meal, 30 bushels; potatoes, 50 bushels; flour, 161 barrels; wool, 26 sacks; butter, 26 firkins; eggs, 27 barrels; lumber, 6,500 feet; barytes, 8 tons; tan bark, 15 cords; spokes, 3,000; old iron, 25 tons; and 184 head of lambs, calves and pigs. Besides the above, large quantities of produce have passed through to Washington, Baltimore, Philadelphia, New York and other points, showing that the people of Virginia are at work, in earnest, and that there is some life in the old land yet. During the past week there were upwards of two hundred tons of freight sent out over this railroad, for various points in the South and Southwest.

MANASSAS GAP RAILROAD.—The receipts of produce by the Manassas Gap Railroad make a good exhibit and show a steady increase in the business of the road, and the great advantages to Alexandria from it reopening, and is also an index of the tide of trade that must flow here when the road shall have been completed into the heart of the great grain growing region of Virginia. For the week ending on Saturday, there were brought down 9,626 bushels of corn, 1,000 bushels of wheat, 124 bushels of rye, 120 bushels of oats, and 5 barrels of flour, besides wool, hay and other articles.

ROBBRIES.—On Sunday morning, between 4 and 5 o'clock, the residence of Capt. John L. Smith, on Fairfax street, was entered by thieves, who went into the bedroom of his two sons, and stole a gold watch and thirty-six dollars in currency from the pockets of the coat of George Smith, and took off the pantaloons of James, his brother. The watch was found in the adjoining lot during the morning, having, evidently been dropped by the robbers in climbing the fence; the pantaloons were also found, having been thrown away after being searched, but nothing found in them.

Last night, between 8 and 9 o'clock, while the family were at church, the dwelling of Dr. Gulick, two doors above the Gazette Office, on Prince street, was entered through the back parlor window, a large trunk broken open, and a set of jewelry and gold pencil, and a pocket book containing a large amount of confederate money and a quantity of papers carried off. The wardrobe was ransacked, and everything in the room thrown into confusion, but nothing else taken. There are as yet no clue to the robbers.

RELIEF FOR THE SOUTH.—Lewis McKenzie, esq., of this city, has shipped for Charleston, per the schooner L. T. Baker, for the relief of the destitute in the South, 75 bags of corn, 2 barrels and one bag of flour, and one bag of bacon, to be forwarded to J. P. Borne, Chairman of the Relief Committee at Lithonia, Ga., and 61 bags of corn to Dr. W. S. Plummer, of Columbia, S. C. In response to a letter from Mr. McK. Dr. P. writes:

"Very soon after arriving in Charleston, the bounty of your friends in Loudoun and Fauquier will be on its way to various points, chiefly, if not exclusively, in South Carolina. Give my thanks to all the kind donors. You ask if the suffering in the South is over-rated. In answer I state that on the whole it is not. In some places the suffering is as nothing—at least not greater than usual. In others it is frightful. In Clarendon District 2,000 people are drawing (or seeking) a peck of corn a week. In Sumter District there have been deaths from starvation. In many places there have been deaths from the want of suitable food and delicacies for the sick and feeble."

THE CROPS AND THE WEATHER.—The rain storm of Saturday and Sunday, occurring at a most critical time with wheat, in this section, (it being just now very susceptible to rust,) it is feared may cause some damage, though the cool weather this morning, with a bright sun may prevent it. We learn that the rust has already attacked some of the wheat in this neighborhood, but not to any great extent. With a few days of clear weather, wheat will be ripe enough to cut, and the promise is yet fair for a good crop. Corn is looking well in the upper country, but the accounts are not encouraging in many other places, farmers having been unable yet to plant in consequence of the unpropitious season, the lands being so wet as to render planting impossible.

THE REVENUE BILL.—The bill for raising a revenue for the fiscal year of 1867, finally passed both branches of the City Council on Saturday night and, will, to-day, receive the signature of the Mayor and become a law. The bill fixes the taxes on real and personal property at 180 cts. on the \$100 of value, with a discount of 45 per ct. if paid prior to the 15th of August, 35 per ct. if after the 15th of August, and prior to the 15th of September, and 25 per ct. if paid after the 15th of September. The other features of the bill are generally similar to those of last year, but as the bill will be published in full, in to-morrow's Gazette, we omit a synopsis.

BAGGAGE CAR.—We saw this morning, at the depot of the Alexandria, Loudoun and Hampshire Railroad, a splendid baggage car, manufactured at the company's shop, in this place, and equal to any car of the kind built in the Northern factories. It is by manufacturing at home, that we are to be made a prosperous people, and we chronicle every step in this direction with pleasure.

ADDITIONAL COMPENSATION.—The City Council on Saturday night passed an order, for an additional compensation of \$50 each to the Assessors, Messrs. Roxbury and Campbell.

RIVER NEWS.—The steamers Columbia, and H. Livingston, the former from Baltimore, and the latter from Curritoman, arrived up yesterday evening, in good time, with fair freights and a number of passengers for this city and Washington. The Kennebec arrived here, from Baltimore, on Saturday, with freight and passengers. We understand that the steamer H. Livingston will not make her regular trip down the river to-morrow, as she has been laid up for repairs. She will, however, begin on Friday next to make semi-weekly trips to Cone River, and for the present will make no further trips to Norfolk. It is stated that the steamship Delaware will be here, shortly, and ply regularly between this city and Norfolk, carrying both freight and passengers.

PERSONAL.—During the session of the Council, on Saturday night, there was a debate of a personal character between Messrs. Clifford, Johnson and Martin; and Mr. Smith once asked Dr. Johnson if some remarks uttered by the latter were meant as an insult to him, which Dr. J. declared were not so intended. The debate arose from remarks made by Mr. Clifford, in response to comments made by Dr. Johnson at a prior meeting, in reference to the committee of conference on the Revenue bill.

BASE BALL.—At a regular meeting of the Empire Base Ball Club, held June 8th, 1867, the following officers were elected to serve for the ensuing term, viz: President, A. Byran; Vice President, P. R. Summers; Secretary, Thomas Goodwin; Treasurer, Thomas Lyles; Captain of 1st nine, J. Bartlett; 2nd nine, E. McGraw; Board of Directors, A. Byran, B. Price, L. Polmore. The club is now prepared to accept a challenge from any junior club in the city.

REV. MR. MUNSEY.—The sermon preached in Warrenton yesterday week and the ensuing Monday, by Rev. W. E. Munsey of this place, on the occasion of the dedication of the M. E. Church South, have made a deep impression in that community. The Warrenton Index speaks of them in the highest terms. The same paper contains a poetical address to Mr. M., from J. D. Blackwell, an impassioned admirer of his learning and talents.

ESCAPED FROM JAIL.—John Clark, confined in the county jail on a charge of larceny, and who was tried at the last term of the Circuit Court and found guilty, but afterwards granted a new trial, made his escape from the jail this morning, by climbing the wall. He was assisted by some of the other prisoners. No clue to his whereabouts has been obtained when this paragraph was written.

MINOR MUNICIPAL OFFICERS.—Dr. J. B. Johnson, on Saturday night, presented to the Common Council a correspondence between himself and Gen. Schofield, in relation to the election by the City Council of the minor officers of the Corporation, in which the latter states that there will be no interference whatever on the part of the military commander.

DOG KILLED.—A small German wolf dog, supposed to be mad, was killed, this morning, on Duke street, by some gentleman. It was afterwards ascertained that it was not a case of hydrophobia, but that some one had applied turpentine to the animal, causing it to exhibit symptoms of madness. The owner threatens to prosecute the parties implicated.

DEATH.—Captain Joseph Moore, one of our old and respectable citizens, died on Saturday evening. He had served as Harbor Master, Superintendent of Police, Justice of the Peace, and in other offices, always with honesty and fidelity, and leaves a large circle of relatives and friends to lament their loss.

PROPERTY SALE.—It will be seen from our advertising columns, that the real estate in our place, belonging to the Farmer's Bank of Virginia, is to be offered at public sale, on Monday, the 24th instant. The different pieces of property are described in the advertisement.

THE FIREMEN'S CONVENTION will re-assemble to-morrow night, at the Sun Engine House at 7½ o'clock, for the purpose of hearing the reports from the delegates of the different fire companies, relative to the proposed organization of the Fire Department.

JAILOR REMOVED.—Sheriff Stewart, this morning, removed Mr. Joseph Padgett, from his position as Jailor of this county, and, with his Deputy, has taken under his own supervision the jail, to which building the Sheriff's Office will be at once removed.

EXCURSION.—The steamer Wawaset passed down the river this morning, having on board a large crowd, with a fine band of music, making an excursion from Washington to Glymont, where the day is to be spent in festive enjoyments.

CONCERT.—The Concert for the benefit of Christ Church, which takes place to-night, at the Assembly Rooms, is expected to be a rich musical treat, judging from the programme. It is hoped there will be a large attendance.

MUTUOS.—The valued friend in a neighboring county, who sent us the mutation, is informed that it was O. K., in every respect, and had the same taste that mutation used to have in "old times."

THE FESTIVAL for the benefit of Oliver Chapel, held at the Assembly Rooms, closed on Saturday night, nearly all the articles having been disposed of, and a handsome sum realized.

INTERPRETANCE.—Rev. Mr. Munsey preached an eloquent sermon last night, on the evils of intemperance, and the blessings of temperance.

CITY COUNCIL.—There was a called meeting of the City Council, on Saturday night, at which the Revenue bill was passed.

THE WEATHER cleared up cool this morning. There was almost a continuous rain bath on Saturday and yesterday.

GOLD. NEW YORK, June 10.—Gold to-day, 137.

MAYOR'S OFFICE.—Edward Elzey, colored, was lodged in the watch-house on complaint of Nancy Gray, colored, and on being arraigned was discharged upon the payment of fine and cost.

Henry Harvey, hailing from North Carolina, a fair specimen of the genus loafer, was transferred from the market-house to the watch-house, this morning, and expressing a desire to visit Richmond, his Honor gave him two trips to leave, or risk a transfer to Mr. Stephenson's.

James Simms, a resident of Fairfax, was taken up on the same charge as Harvey, and permitted to lodge with him, and this morning was discharged with a promise that he would leave the city.

Henry Rodgers, whose name has become familiar in the police report, was again lodged in "Smith's Hotel" yesterday, and this morning presented immediate reform, upon which he was permitted to depart in peace.
